ABOUT THE FIRM

THE KRIZNER GROUP is a full service law firm that concentrates its practice in assisting organizations both before and after disputes arise. The Firm's preventative services division aids clients in implementing policies and procedures that will help avoid costly lawsuits and other organizational problems before they occur. However, in the event an organization is sued, the Firm's litigation division provides efficient support by assessing the merits of the case, preparing and implementing a viable defense, and then carefully managing the file to avoid the incurrence of unnecessary fees and costs. The Firm's litigation practice concentrates in employment litigation, general insurance litigation, and governmental audit defense. In addition to working with regional and national insurance carriers, the Firm provides legal support for private organizations that employ more than 30,000 employees nationally.
